

The Rudolph Logistics Group – Our Corporate Policy

1. For the Rudolph Logistics Group, quality means at a minimum fulfilling the requirements of our customers.
2. The Rudolph Logistics Group is committed to fulfilling all relevant legal obligations, other requirements and regulatory stipulations as well as fulfilling all mandatory and voluntary obligations vis-à-vis our interested parties.
3. Protecting occupational safety and health as well as the environment are all goals of equal importance together with delivering quality in our services and processes.
4. In this connection, the Rudolph Logistics Group sees active environmental protection as the continual improvement of its own environmental performance and the ongoing reduction of environmental impacts.
5. The obligation to continually improve energy-related performance (energy use, consumption and efficiency) is the basis for our daily business. For this reason we take energy efficiency into account during the procurement of new plants and other energy relevant purchases.
6. In addition, the Rudolph Logistics Group is committed to the prevention of injuries and illnesses in its work force as well as to continually improving its performance in occupational safety.
7. In order to achieve our operative and strategic objectives, all necessary resources will be secured as will information that is maintained in a manner that is readily accessible and up to date.
8. Only that which we clearly describe can be managed purposefully, stabilized on a long-term basis and successfully advanced. For that reason, our standards lead to appropriate and user-friendly documentation that is continually developed with the participation of all involved persons.
9. We promote a lean company culture and include all employees in this process. We see errors and deviations from targets as a chance for further development and improvement.
10. We want to motivate our employees through a management style with concrete goals and the support of team work with responsibility placed in the hands of individuals.
11. We give great attention to personnel development. Our employees create quality and only they can ensure and increase the performance of the company.
12. In addition, the Rudolph Logistics Group pursues socially constructive objectives and makes its contribution to the development of our culture and society through planned and purposeful activities.
